Commissioner of Patents and Trademarks

The refile filed on 08/02/2002 is not fully responsive to the prior office action because of the following omission or matter(s):

The amended claims 1, 9, 19 and 21 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: the original claims 1-26, in which claims 1, 9, 19 and 21 are independent claims, drawn to a liquid crystal display (LCD) apparatus while the amended claims 1, 9, 19 and 21 drawn to a method of fabricating an LCD which is distinct from the original claims 1-26.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 1-26 are withdrawn from consideration. See 37 CFR 1.142(b) and MPEP § 821.03.

Therefore, there are no claims remaining in the application which can be examined on their merits. Since the above mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment.
